- Plastic and glass containers (rinsed)

Snow Clearing

Just a reminder to all when moving snow from your driveways across or along road allowances, to make sure you push all of the excess snow off road ways. When clearing the snow off your property, it is important to make sure that none of the snow you are pushing off your property is left on Municipal Roads and Road Allowances. When this happens, the ice and snow become traffic hazards and make it difficult for the snow plows to clear properly. We all want cleared driveways, but we need to keep our roads cleared too!

Attention: Woodridge Area

As many of the ratepayers in the Woodridge area know, a Fire Hall would be a major asset to Woodridge as well as the surrounding communities. The RM of Piney is willing to establish the building and equipment needed for a Fire Hall in Woodridge, but in order for this to happen, the community must be involved. The hamlet of Woodridge must take initiative and organize a volunteer base for the establishment of a Fire Hall. Volunteers are needed for a Fire Hall to be operational. A list of ratepayers who are willing to be a part of this process must be presented to council in order for a proposed Fire Hall to become a possibility. The RM of Piney hopes that the communities within our municipality can make this project become a reality for the Woodridge area.

To become involved with the process, please contact Mario Boily at 204-429-2145.
