Rural Municipality of  
**PINEY**

June 2016

## Elderly Abuse Awareness Day

Week of June 13th

### Sprague, Middlebro & Piney Seniors Clubs

Display with resources and information about Elder Abuse

Elder abuse exists in many forms, including neglect and physical, sexual, psychological or financial abuse. The perpetrators are more often than not family members, caregivers or friends. Warning signs of abuse include a sudden change in behavior or appearance such as deterioration in personal hygiene, untreated bedsores or a sudden onset of physical injuries or repeated 'accidents' causing injuries. There could also be a change in banking activities and legal documents such as powers of attorney or a lack of money to pay for rent, utility bills or food. If you are concerned that you or someone you know is experiencing elder abuse, there are many resources available. Call the Seniors Abuse Support Line toll free, 24 hours a day at 1-888-896-7183.

## Visitor Tourism Survey

RM of Piney & RM of Stuartburn

### Summer 2016

Tourism cards will be available at local businesses & events

Exciting events are taking shape for the RM's of Piney and Stuartburn. The new tourism website will be developed and up and running by the end of 2016. The new tourism committee will be meeting this month and establishing goals and projects for the upcoming year. If you are having visitors this summer, encourage your guests to stop by one of the local businesses to pick up a tourism card. The cards will have information on how they can take part in the "Visitor Survey". This short questionnaire is designed to better gain an understanding of what makes people come to the southeast region, and if, when and why they return. It will also help the region learn how to enhance the visitor experience. So please encourage all your visitors to take part!

Surveys will be available on Piney & Stuartburn's websites:

[www.rmofpiney.mb.ca](http://www.rmofpiney.mb.ca) or [www.rmofstuartburn.com](http://www.rmofstuartburn.com)

PEOPLE THAT TEACHES THE  
BASICS OF  
ENTREPRENEURSHIP. THE  
CAMP IS FOCUSED ON 3  
ELEMENTS: EDUCATION,  
EXPERIENCE AND LEARNING IN  
A FUN ENVIRONMENT!!**

# FUN

## Triple R

**Camp Curriculum:**

We developed a camp curriculum that strives to give campers the tools, knowledge and opportunity to experience the process of being a business owner in a fun and educational way. The camp has 3 main components:

**Educate:** Campers aged 9-13 are taught about the definition of an entrepreneur, ways to develop a business idea, first impressions, body language, selling skills & attitude. They are taught the basics of cash flow and learn about revenue and expense items. Business plans are the final business concept taught to pull together all the material delivered at the camp.

**Experience:** Campers develop a concept for a product they can sell. The last day kids have the opportunity to sell their products following awards at the school.

**Enjoy:** Kids get to experience being an entrepreneur, but it's also a week with a lot of fun activities!

South Junction Community Club  
Fraser Ave., South Junction, MB

**STRONG PROUD FREE** July 1st, 2016

8:30 PM – MEET & GREET

## St. Labre 200

July 8<sup>th</sup> & 9<sup>th</sup>, 2016

**If you like adrenaline, fun-competition and uniqueness, this is for YOU.**

NEW to St-Labre 200 - 16 teams instead of 14 teams. The St-Labre 200 Inc. requires 16 teams to build their own go-karts within 24 hours. Using supplied materials, teams are challenged to build go-karts from scratch on the first day and race them the next day in a fast-paced, nail biting 200 lap race on a quarter mile dirt track. The main race runs on Saturday and has the entire crowd in suspense. Admission to come to our event is, Be a Fan, Bring a Can for South East Helping Hands.

In the meantime, visit us on Facebook and on our Website at [www.stlabre200.ca](http://www.stlabre200.ca)

## Recycling

Manitobans are recycling more often than ever before. In 2015, Manitobans recycled over 82,000 tonnes of residential material. Of those 82,000 tonnes, 110 tonnes were recycled in the RM of Piney. When compared to the provincial average of 73 kg per person, the RM of Piney is recycling 63.3 kg per person. Piney is recycling more than many communities but we can always do better.

Here are some tips to make recycling even easier in your home:

- Don't stuff cans into boxes or paper bags. It saves time and effort at the sorting plant if items are loose.
- Don't remove lids and labels on containers.
- Save water and time. Rinsing containers is suggested but it's not necessary to scrub jars. Just ensure the containers are empty.
- Fold or crush cardboard to save space in the bin.

### WHAT TO RECYCLE

More than 50% of household waste can be recycled, including:

- Newsprint — Newspapers, flyers, auto and real estate listings, door hangers and advertisements
- Aluminum food and beverage containers — Pet food, tuna/sardine cans and soft drink cans
- Glass food and beverage containers — Pickle and salsa jars, olive oil and balsamic vinegar bottles, containers for juice, wine and spirits
- Steel food and beverage containers — Juice, soup and sauce cans
- PET #1 plastic bottles — Salad dressing bottles, peanut butter containers, clear clam shells, water bottles, ketchup and mustard containers
- Magazines and catalogues — Weekly magazines, retail catalogues, travel magazines, bounded glossy promotional brochures and guides
- Gable top containers (e.g., milk cartons) — Sugar, confectionary products, beverages such as milk and juice in cartons
- Boxboard and cardboard — Cereal and clean pizza boxes, egg cartons, tissue paper box, toilet paper and paper towel end rolls, paper carry-out bags and all sizes of product boxes
- Directories — Printed directories of residential and/or business information
- Aseptic packaging (e.g., juice boxes) — Soup, sauces, ready-to-serve beverages such as juice and milk
- HDPE #2 plastic containers — Milk jugs, shampoo bottles, laundry detergent, bleach and vinegar containers
- # 4, 5 and 7 household plastic containers — Margarine containers, yogurt cups, hard plastic containers and some beverage supplements bottles
- Non-hazardous aerosols — Empty hair spray or shaving cream bottles

Here are a few items that are NOT accepted for recycling in your community:

- Plastics without a recycling triangle
  - Disposable coffee cups i.e. Tim Horton's and Starbucks cups
  - Aluminum foil, foil pie plates, foil food containers
  - Foam food, beverage containers and packing materials
- There are many other items that are recyclable that don't belong in your recycling bin. Check out [RecycleManitoba.ca](http://RecycleManitoba.ca) where you will find a list of drop-off locations for items like electronics, tires, batteries, paint, used oil containers and many more.

Remember, recycling is good for our province and good for our environment. The simple idea of "reducing, reusing and recycling" can have a lasting effect on our community.
