<b>Salary Range:</b>	\$15.89 to \$17.35 per hour
<b>Closing Date:</b>	<b>February 24, 2014 – noon CST</b>

Conservation and Water Stewardship is seeking a qualified individual to fill the position of labourer operator in Moose Lake and Birch Point Provincial Park. An eligibility list may be created for similar positions at this location and will remain in effect for up to 6 months.

#### Qualifications:

##### Essential qualifications include:

- Experience in operating small power equipment such as chainsaws, brush saws and push mowers
- Experience in operating and maintaining riding mowers, light automotive vehicles (ie. Gators, Utility), tractors with attachments
- Experience dealing directly with the public; and demonstrated ability to interact effectively with the public and co-workers and the ability to deal with stressful situations.
- Demonstrated knowledge of safe working practices.
- Experience in keeping and maintaining written records.

##### Desired qualifications include:

- Experience and training in maintenance or repair of small equipment
- Experience as a janitor
- Experience with common hand tools
- Knowledge and experience in building and grounds maintenance

##### Conditions of Employment include the following:

- Must be legally entitled to work in Canada
- Must have a grade 12 education or equivalent GED
- The incumbent will take training, pass certification and maintain a Class 1 water treatment, Class 1 water distribution and Class 1 waste water collection Operator's licence.
- Must possess and maintain a valid full stage Manitoba Class 5 driver's licence.
- Must be willing and able to work various shifts, all weekends, and statutory holidays
- Must be physically able to perform the duties assigned to the position including:
  - working in various types of outdoor conditions
  - ability to lift up to 23 kilograms
  - ability to stand for extended periods of time

#### Duties:

Under the direction of the Parks Works Supervisor, the incumbent performs a variety of heavy and light manual duties associated with construction, maintenance, and works operations; including janitorial duties and general maintenance of grounds and facilities including the cleaning of screens at the Moose Lake dike control structure. The labourer will be required to operate various small equipment, light motor vehicles, power tools and chainsaws. The employee will have knowledge and understanding of the fall protection and rescue associated with the cleaning of the screens at the Moose Lake dike control structure.

The incumbent will be required to operate various equipment including wood chippers, stump grinders, specialized mowers, light duty garbage packers and tractors. The Operator will be required to perform maintenance and minor repairs on equipment, as well as keep daily operating and maintenance records. Assists the operator in charge with testing and operating the Class 1 water treatment, Class 1 Water Distribution and Class 1 Wastewater Collection systems in the park to insure that systems comply with all legal requirements and operate to meet all relevant standards and guidelines.

**Employment Equity is a factor in selection. Applicants are requested to indicate in their covering letter or resume if they are from any of the following groups: women, aboriginal people, visible minorities and persons with a disability.**

**Your cover letter, resume and/or application must clearly indicate how you meet the qualifications. Interviews will be conducted in Steinbach, Manitoba. We thank all who apply and advise that only those selected for further consideration will be contacted.**
