

Southeast ATV Association

Events Trailer

To Whom It May Concern:

Southeast ATV Association has been working together with many organizations in getting information on safe riding out to the public. We hold an annual event known as “ATV Awareness Day” and are now in the process of taking this information out into the public via special events. We will be setting up at different locations through out the southeast handing out information on ATV safety, rules, regulations and fire prevention.

The information is being supplied by M.P.I.C., Manitoba Safety Services, Conservation and Water Stewardship, R.C.M.P. and the Canada Safety Council.

If you or someone you know would like to book our presence at your next event, please call;

Gary Gebhardt 204-429-3276
President

Rick Peters 204-424-5036
Vice President

Thank you for your time, we are looking forward to your event.

Sincerely yours;

Gary Gebhardt
President
