B. POLICY:

The following terms are intended to provide the Municipality with basic guidelines to the use of a property for adding a structure that will remain for a short fixed period of time and be defined as temporary under the municipalities Zoning By-Law.

i. New Temporary Structures

All new temporary structures must be approved by the Rural Municipality of Piney prior to the structure being moved onto the property. Applications to move on a temporary structure will be done on the approved form here attached as Schedule “A” and provided to the RM Administration Office in Vassar a minimum of fourteen (14) days prior to the structure being moved.

Each temporary structure moved onto a property will require a \$500.00 deposit per structure, a \$35 application fee and must include a site plan for the affect property which conforms with the “Building Permit Site Plan Policy” of the Rural Municipality of Piney.

The re-fundable deposit of \$500.00 is due at time the application is filed. This amount will be refunded back to the applicant once the municipality has received proof that the temporary structure was removed within the fixed period of time of three (3) months. If the structure is not removed within three (3) months, the \$500.00 deposit will not be refunded to the applicant.

Upon receiving the application and corresponding refundable deposit, the RM will sign and return the application with the specifications required.

Once the temporary structure has been removed from the property on or before the three (3) month period of time, the applicant must contact the RM for a final inspection and to be refunded the deposit amount. All temporary structures are to receive a final inspection in order to apply for the \$500 refund.

If the applicant cannot meet the short fixed period of three (3) months, a written request can be issued by the applicant for another three (3) months. All written time extension requests must be received by the RM office before the initial three (3) month deadline. This request will then be taken to the RM of Piney office to confirm approval for the time extension.

Council of the RM of Piney hereby delegates to the CAO the authority to refund temporary structures deposits when the following conditions have been met:

- i) Temporary Structure Application (Schedule A) has been filed and is accompanied by a \$500.00 deposit;
- ii) The RM has signed off on said Temporary Structure Application;
- iii) The RM has been notified that the temporary Structure has been removed from the property and it is ready to receive a final inspection in order to receive a refund of the \$500.00 deposit.
- iv) Where the applicant has the desire to change the use of the temporary structure to a permanent structure and has filed all the necessary building permit applications, has been issued a building permit by the Municipal Building Inspector and associated fees have been paid.

ii. Un-Approved Temporary Structures

Unapproved temporary structures must have an application and deposit filed with the RM Office within fourteen (14) days of receiving written notification from the RM. The deposit and application fee for unapproved structures will be twice the amount of the initial deposit required.

This policy may be amended from time to time by resolution.
