## **PUBLIC NOTICE:**

### **STATE OF LOCAL EMERGENCY UPDATE:**

#### **Outlook has Improved for the RM of Piney!**

The RM of Piney is still in a state of local emergency and would like to remind the public to remain vigilant in the following areas:

- Stay informed with current weather conditions.
- Be prepared for any conditions.
- Take extra steps to prepare for power outages.

At this point, no sandbagging is underway. Conditions have improved and water levels appear to be slowly receding. The municipality is monitoring the situation daily and is prepared for any changes in the conditions.

The RM is asking that motorists stay off of all minimally maintained roads. Travel on these roads will cause bigger, long term issues and may jeopardize your safety.

#### ***TRAVEL NOT ADVISED!***

If there is a need for sandbagging, the municipality will post a volunteer call-out message of Facebook.
