

THE RURAL MUNICIPALITY OF PINEY

“Land Sales Policy”

Subject: Land Sales

Effective Date: February 11th, 2026

Replaces Policy: February 25th, 2025

Resolution No.: 37 **Resolution Date:** February 10th, 2026

PURPOSE

The purpose of this policy is to outline which land owned by the Rural Municipality of Piney will be deemed available for purchase by following specific guidelines laid out in this policy.

POLICY STATEMENT

The Rural Municipality of Piney is committed to ensuring that land sales are done fairly and on a standard system each year. This policy breaks down what is and is not for sale, how the selling process will take place, and which guidelines are to be followed. This policy has been put in place to establish land the municipality is not willing to sell due to future development plans, land being agriculturally leased, with no road access, zoned general development, environmentally impacted or historical sites, or any parcels being held for land exchange with the province of Manitoba.

DEFINITIONS

Residential lots with Set Prices are defined as lots for sale that are five (5) acres or less and are located in a municipal owned subdivision which have been listed with a realtor for a set price amount.

Large Acre Parcels are defined as any parcel of land owned by the Rural Municipality of Piney that are five (5) plus acres in size.

Realtor is defined as a person hired by the Rural Municipality of Piney to act as the selling agent for the sale of lands by the municipality.

Estimate of Value is defined as the activity of gathering information by a third party about the conditions of a parcel of land that affect the marketplace value.

Set Price is defined as a price set and passed by council through resolution stating what the said price will be for each property for sale by the municipality based on the information provided by a third party.

Possession will be set for four (4) weeks from date on offer to purchase. For residential lots sold with set prices, the CAO can extend the possession up to another four (4) weeks past the agreed upon four-week possession date.

Development Agreements may be required for a sale, if deemed necessary by council through resolution.

Schedule A is defined by an attachment to this policy that will be known as ‘RM of Piney – Offer to Purchase’ and will act as the Rural Municipality of Piney Offer to Purchase for purchasing a parcel of land through the municipality.

Schedule B is defined by an attachment to this policy that will be known as ‘RM of Piney – Land Not Available’ that states all the land owned by the Rural Municipality of Piney that is not for sale.

Schedule C is defined by an attachment to this policy that will be known as ‘RM of Piney – Other Lands’ that states all the land owned by the Rural Municipality of Piney that is potentially for sale as per yearly review and resolution by council.

Large Parcels (5 plus acres):

- Land listed on Schedule C 'RM of Piney – Other Lands' will be potentially for sale as per a resolution established by council on a yearly basis;

- Set prices for these parcels will be based off receiving a minimum of two (2) estimates of value and will be decided at a regular council meeting each year;
- **If any parcels are set for sale by council, the land will go through an auction sale that will be held on the 1st Monday of May for that current year;**
- **If council has not achieved the revenue goals set out in the financial plan after the auction in May, council may choose additional land that will go through another auction sale held on the 2nd Monday of September for that current year;**
- Bidding at the auction will start at the set price established by council and parcel(s) will be sold to the highest bidder; parcel(s) will not be sold for anything lower than the set price;
- If interested in bidding, you must attend in person at the location announced prior to the auction;
- When sold at auction, the purchaser must leave a \$1,000 deposit and fill out an offer, Schedule A of this policy, at the time of auction;
